EDUCATION

University of North Carolina at Charlotte

Starting: Fall 2021

Master of Science in Computer Science.

Savitribai Phule Pune University (SPPU)

July 2021

Bachelor of Engineering in Computer Science.

CGPA: 7.12/10

PROFILE SUMMARY

- Innovative and proactive Web Developer capable of developing elegant websites and application designs for demanding clients.
- Talented in team leadership and independent problem-solving.

EXPERIENCE

KET Infotech Pvt. Ltd, Pune, India

Sept 2019 – Feb 2020

Web Developer

- Worked to create websites for their clients with help of HTML, CSS, SASS, Javascript and backend languages as per requirements.
- Also, for performance optimization on the front-end used react SWR and redux for state management. Also, included lazy loading for decreasing loading time.

CO-CURRICULAR ACTIVITIES - INCLUDES ONLINE COURSES

- Complete front end development with 14 projects
- Learn C as your first programming language
- Modern Javascript from beginning
- Complete ReactJs with ES-6 and 10 projects
- Advance CSS and SASS with flexbox and grid
- Complete Backend Development with Nodejs, Express and MongoDB
- Complete Machine Learning and Data Science
- Python with AI and Data science
- Python with AI and Data science
- Deep Learning: Hands on Artificial Neural Networks
- React Native Bootcamp on Android and IOS Apps
- Workshop on Robotics and Automation

TECHNICAL SKILLS

- **Languages:** HTML, CSS, Python, JavaScript, Nodejs, C, C++.
- **Technologies and Tools:** Git, GraphQL
- **Frameworks:** ReactJs, React-Native, GatsbyJs, Apollo, Express
- **Libraries:** Redux, Redux Thunk
- **Database:** MySQL, MongoDB
- **Machine Learning:** Numpy, Pandas, Jupyter, Scikit Learn, Matplotlib, Neural Networks

ACHIEVEMENTS

- Completed ML/AI bootcamp of 45 days with 91.5% under Tedx speaker Hitesh Choudhary.
